

Supplementary material to: Riyaz M. et al. 2023: Comparative analysis of the mitochondrial genome of *Hypospila bolinoides* and *Lygephila dorsigera* (Lepidoptera: Noctuoidea: Erebidae), with implications for their phylogeny. — *Eur. J. Entomol.* 120: 187–198. Figs S1–S3.

Fig. S1. Relative Synonymous Codon Usage (RSCU) in PCGs of *H. bolinoides* and *L. dorsigera* together with other Noctuoidea members.

Cloverleaf structures of tRNA genes of *Hypospila bolinoides*

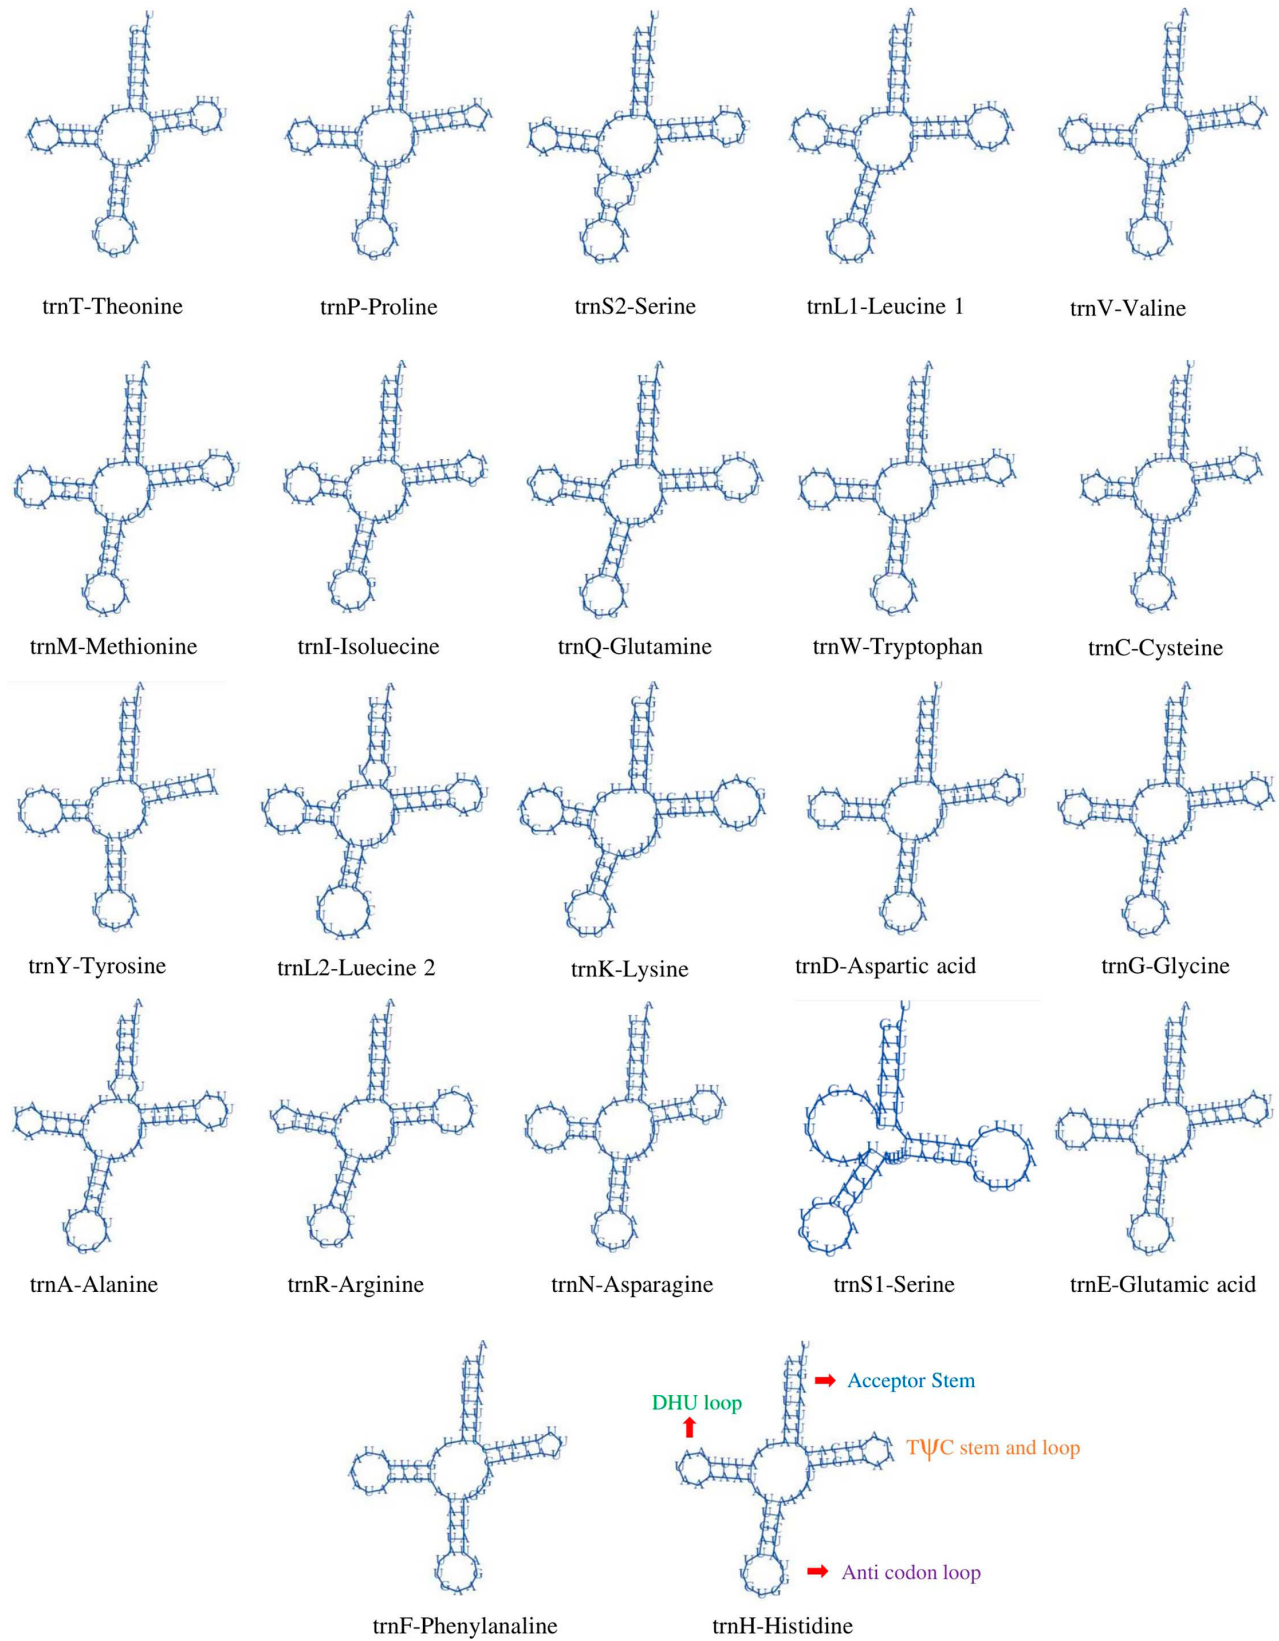

Fig. S2. Putative secondary structures of 22 tRNAs in mitochondrial genome of *H. bolinoides*.

Cloverleaf structures of tRNA genes of *Lygephila dorsigera*

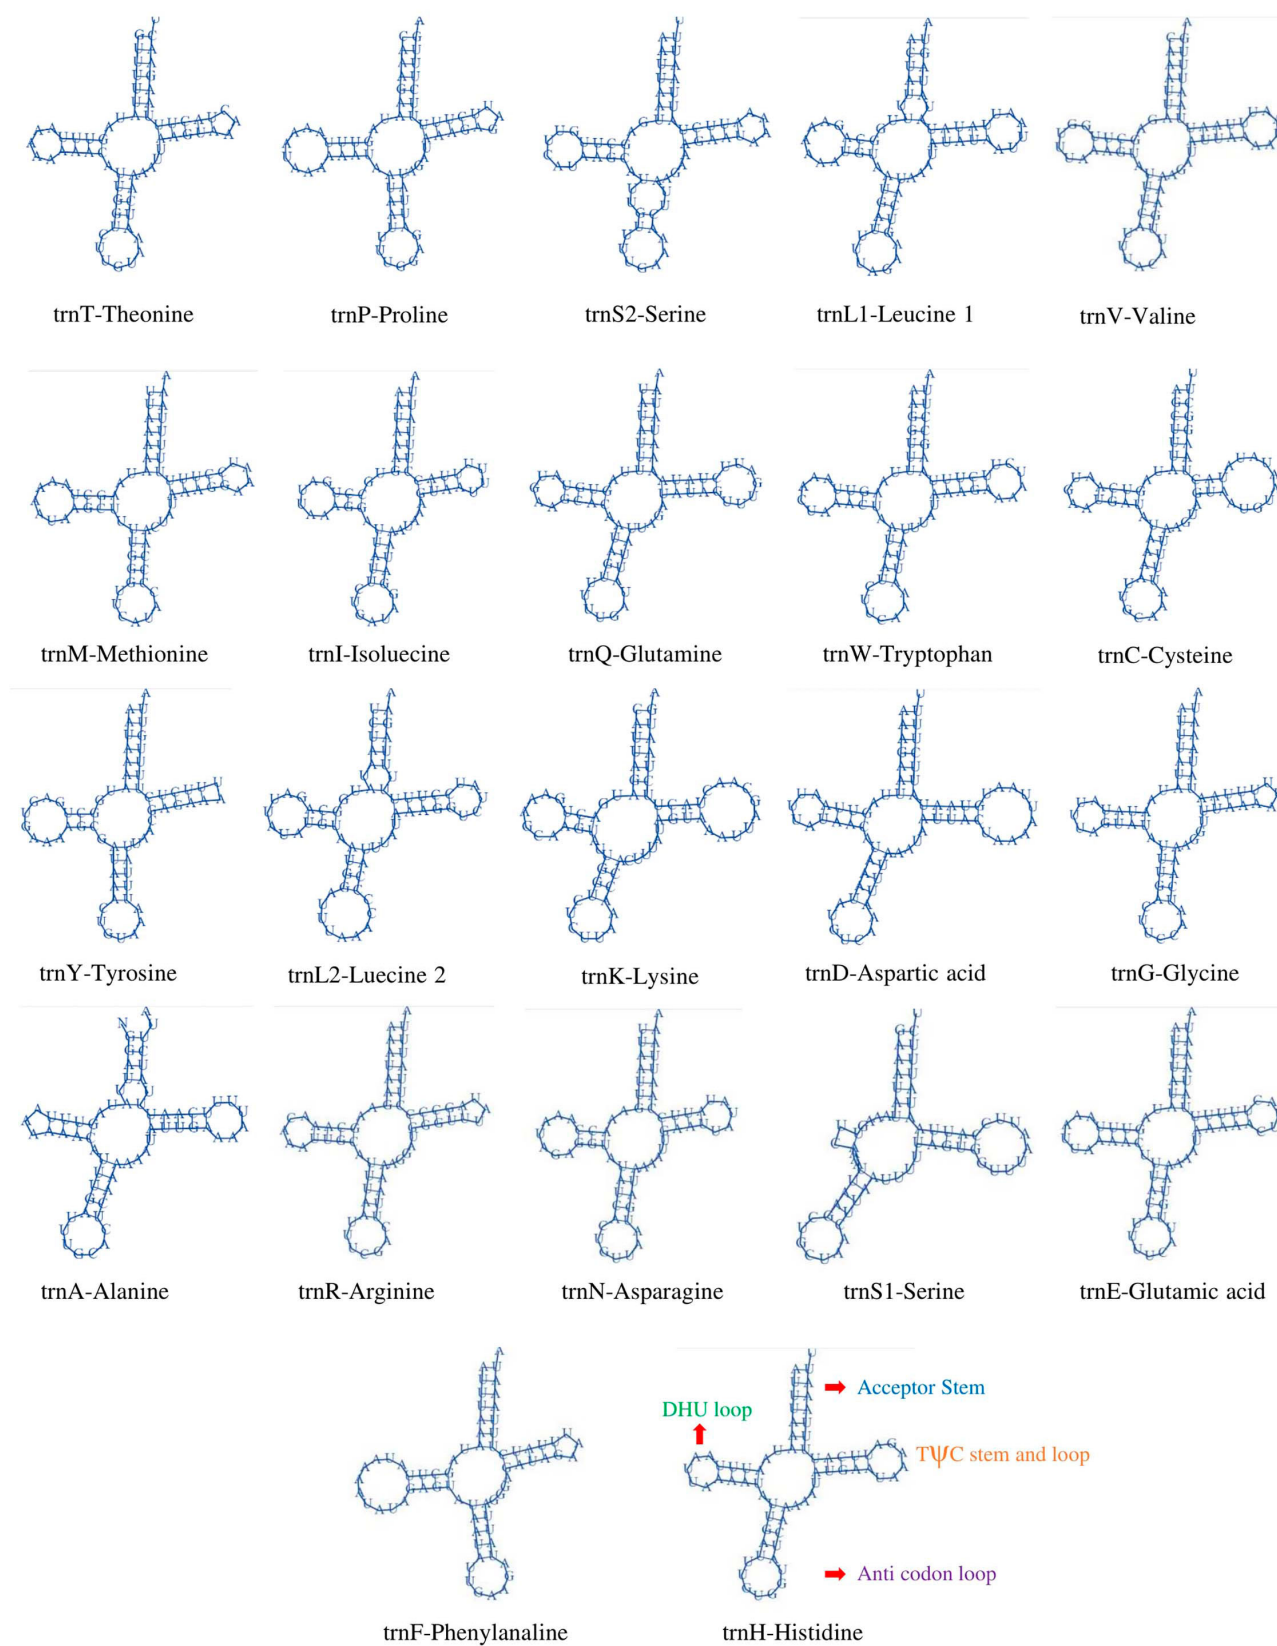

Fig. S3. Putative secondary structures of 22 tRNAs in mitochondrial genome of *L. dorsigera*.
